### RECRUITING PARTY

Here Seeking Recruits For the United States Navy—Splendid Opportunity For Young Men.

A traveling party from the Navy Recruiting Station, Cincinnati, Ohio, is visiting the cities in central Kentucky, not within reach of a regular Navy recruiting station, in the interest of advertising and recruiting for the first-line of defense of Uncle Sam's Navy.

Men between the ages of 17 and 30, who are citizens of the United States, of sound mental and physical condition, good moral character, and able to read and write the English language, are wanted for the Navy.

The enlistment period is for four years, except in the case of boys under the age of 17, who serve until they are 21.

Pay ranges from \$17.50 per month for men under instruction to over \$100 per month for chief petty officers, with board lodging and medical attention free.

Men who enlist as apprentice seamen are given instruction for a period of six months after which they are detailed to that branch of the service for which they are best qualified, and for which the recruit has a liking. The seaman branch is composed of quartermasters (signalmen) gunner's mates, boatswain's mates, turret captains, etc. The trades are represented by carpenters, plumbers, steam fitters, machinists, boilermaker, cooper, smiths, electricians, painters, printers, musicians, pharmacists, and various others. Each boy is given a chance to learn a trade that will better fit him for civilian life after he has left the service in case he does not wish to return.

Each recruit is furnished with an outfit of clothing valued at \$60.00. This outfit is sufficient to last the man for a period of at least two years.

At the end of a period of six months training, if the conduct of the recruits

warrants, he is promoted, his pay is increased to at least \$20.00 per month. After this promotion the recruit is given higher ratings according to his ability, his application, and his interest. The asking of questions by recruits to older men is encouraged. Each petty officer is responsible for the service education of his subordinates. Every facility for study along any line is furnished, and every studious recruit is encouraged. During the first two years of a man's enlistment he is obliged to make up any deficiency in his schooling—taught by graduates of the United States Naval Academy, at Annapolis, Md. Special classes are formed on nearly every ship for such members of the crew who wish to study for entrance to the Naval Academy—fifteen appointments being made from the Navy every year after competitive examinations. There are many ways in which a man can increase his pay—depending altogether upon the man himself. These additions run from a signalman (\$2.00 extra per month) to a heavy gun pointer, (\$20.00.)

Every man is required to prove his citizenship to the satisfaction of the recruiting officers. No aliens are enlisted—the Navy is strictly American. Young men between the ages of 17 and 18 must produce the written consent of their parents before they can be enlisted.

Only men of good habits, those with ambition and willing to work for advancement are desired. Dissolute, unreliable, and non-officers are speedily found out, and should they get by the recruiting officers are speedily found out. The Navy will not tolerate the chronic offender. The Navy is not the dumping ground for the nation's riff-raff. The personnel of the Navy has changed wonderfully in the last few years. The drunkard, the shirker, and the "tough guys" have been eliminated, leaving only upstanding, upright, red-blooded Americans—the finest fighting force the world has ever known.

As is to be expected, but not the exception from other walks of life, ev-

ery now and then there will be a man, a good man, who does not care for the changing scenes of the life on the ocean wave. He can, upon application through the official channels, be furnished from the service without pay to the date of the expiration of his enlistment after which he is discharged. The Navy maintains seventeen trade schools for the education of those who show an aptitude for the various trades.

Each man in the Navy is encouraged to save a part of his pay for the proverbial rainy day. The Government places its services at the disposal of such of its citizens who are in the Naval Service. A bank on board ship is largely patronized by the men—this bank run by the government—pay interest at the rate of four per cent per annum. The man can send their money to any person they may designate by requesting of the paymaster for an allotment. This allotment is paid from Washington. Numbers of men send their money to banks, and the majority of the banks are glad to get the business.

The food provided for Uncle Sam's sailors is the very best obtainable—all government inspected.

Men enlisted from this district are sent to Norfolk, Va., to the training station near that city. Here they are instructed in the various duties which fit them better to perform these duties after they have completed the training at the station and take their places on board ship.

As proof that life in the Navy is highly desirable to those who are acquainted with conditions, an astonishingly heavy percentage of the personnel are men who re-enlist after discharge. Four years service in the Navy better fits the average man to cope with the affairs of life than can be had for the same length of time in any other occupation. Besides, the work is varied and interesting, the scene ever changing.

Men discharged by expiration of enlistment are paid (in cash) four cents per mile from the place of discharge to the place of enlistment.

The Navy of the United States, the Navy that gave birth to such heroes as John Paul Jones, Perry, Lawrence, Dewey, etc., has been increased by Congress during the last session by the addition of 20,000 men. These men are required to man the new dreadnoughts, the Oklahoma, Pennsylvania, California, Idaho, Mississippi, Nevada, Arizona, and two others as yet unnamed. The highest proof of citizenship rest with service to your country—your flag.

In the interest of this increase of 20,000 men, a Navy Recruiting Party, detailed for this duty from the Navy Recruiting Station in Cincinnati, Ohio, will visit this city during the week beginning October 16, 1916. All persons interested are informed that on application and acceptance by the recruiting party to visit this city, transportation and subsistence will be furnished by the Government for all travel necessary. You will be sent from here to Cincinnati where you will be re-examined. In case you are rejected the Government will return you here at no expense to yourself.

The advertising party will be in charge of Chief Boatswain's Mate William H. Klapproth, United States Navy. The regular recruiting party will be in charge of Chief Boatswain's Frank P. Eriewin, United States Navy, assisted by Gunner's Mate, first class, Theodore Hoeke, United States Navy.

The local recruiting offices will be opened at the Government Building, Monday, October 16th.

The Proof That Maysville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. Della Luneford, 328 E. Front street, Maysville, says: "I think kidney trouble came from a strain in my case. I had sharp, shooting pains through my kidneys and a dragging down feeling through my hips. I had dull headaches and dizzy spells and often if I hadn't caught hold of something for support, I would have fallen. It finally began to notice symptoms of dropsy. My feet began to swell and at times my hands were the same way. Doan's Kidney Pills cured me."

A PERMANENT CURE OVER THREE YEARS LATER. Mrs. Luneford said: "Doan's Kidney Pills have completely and permanently cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Luneford has twice publicly recommended. Foster-Milburn, Props., Buffalo, N. Y.
